

STERI-SYSTEM LINEAR SLOT DIFFUSER
STAINLESS STEEL
OPERATING ROOM PLENUM DETAIL
MODEL: 92LS-SS-O

DESCRIPTION:

The Model 92LS-SS Steri-System Linear Slot Diffuser is specially designed to provide an air curtain for operating rooms. The unique slot design creates a continuous curtain of air, angled outwards 5 – 15 degrees, that encloses the operating area and minimizes the possibility of contaminated air entering the surgical area.

An optional stainless steel opposed blade damper is available for balancing. The damper is held in place by wing nuts and can be easily removed for cleaning. A lever operator is standard for accurate adjustment from the face of the diffuser.

CONSTRUCTION:

1. 304 Stainless Steel face, pressure plate and distribution plenum. Minimum 24 ga.
2. Standard safety cables prevent accidental dropping of the removable face.
3. All face panels attached with stainless steel 1/4 turn fasteners.
4. Standard finish is #4 satin polished finish.

OPTIONS:

- 316 316 Stainless Steel construction.
